

ACCELERATE ProjectWise®

12-13 May, 2020 • London, UK

Conference Overview

Join project and IT leaders from across the country to learn best practices for advancing digital project delivery and fully leveraging your organization's ProjectWise investment. Bentley colleagues, your peers, and industry experts will provide you with the experience, knowledge, and skills to utilize ProjectWise to the fullest extent to design and deliver assets faster, smarter, and safer.

Join us for two days and return to your job with actionable strategies to accelerate your going digital strategy.

DAY 1 | Tuesday, 12 May, 2020

Registration and Breakfast

All Tracks
Upper London Foyer 7:00 a.m. - 5:00 p.m. Registration and Information Desk Open

All Tracks
London Room 7:00 a.m. - 8:00 a.m. Breakfast

Keynotes

Speaker

All Tracks London Room	8:00 a.m. - 8:30 a.m.	Welcome and Conference Overview Implementing digital project delivery requires that you address technology, people, and processes. Over the next two days, we'll help you understand how to adopt industry best practices, drive standards to advance your organization's project delivery practice, and fully leverage the power of ProjectWise.	Nicole Stephano Vice President Product Strategy Bentley Systems
All Tracks London Room	8:30 a.m. - 9:30 a.m.	Keynote: Industry Disruption and the Future Design and Construction Ecosystem: Changes in Market Characteristics and Emerging Disruptions Poised to Re-Shape the Construction Ecosystem Learn about the evolving market characteristics and emerging disruptions, including increased digitization, poised to reshape the design and construction ecosystem. This session will draw on McKinsey's most recent research, with a particular focus on the future industry dynamics that are expected to emerge, and the set of strategies needed to win in the ecosystem of the future.	David Rockhill Associate Partner McKinsey & Co.

Morning Break

All Tracks
Upper London Foyer 9:30 a.m. - 10:00 a.m. Morning Break

Session Block 1.1

Speaker

PW Admin Leadership Millennium II	10:00 a.m. - 10:50 a.m.	Automating ProjectWise Project Creation Discover how Bentley's new project creation capability automates the configuration of ProjectWise, including synchronization of CONNECT Projects, Work Areas, and Teams tabs for faster project setup.	Audrius Pundzevicius Product Manager Bentley Systems
PW Admin Leadership Millennium II	11:00 a.m. - 11:50 a.m.	Configure ISO19650 Framework for Success Get an interactive look at how to align your ProjectWise structure, document attribution, naming convention, Workflow Rules and other capabilities with the business process standards defined by ISO19650.	Dan Cutler Senior Application Engineer Bentley Systems

Lunch

All Tracks
London Room 12:00 p.m. - 1:00 p.m. Networking Luncheon

Session Block 1.2

Speaker

PW Admin Leadership Millennium II	1:00 p.m. - 1:50 p.m.	Streamline Your ProjectWise Workspaces with One Configuration Learn how to construct the framework of your managed workspace to adopt a common approach shared by all MicroStation-based design applications (OpenBuildings, OpenPlant, etc).	Buddy Branham Senior Consultant Bentley Systems
PW Admin Leadership Millennium II	2:00 p.m. - 2:50 p.m.	Implementing ProjectWise with Civil 3D See first-hand the workflow, tools, and latest capabilities for integrating ProjectWise with advanced civil 3D applications to improve the multidiscipline design collaboration among your project teams. Learn best practices when starting a new project and how to import existing data with a focus on successful user workflows.	Vickie Hewitt Senior Technical Support Engineer, Bentley Systems

ACCELERATE ProjectWise®

12-13 May, 2020 • London, UK

DAY 1 | Tuesday, 12 May, 2020 (continued)

Afternoon Break

All Tracks
Upper London Foyer 3:00 p.m. - 3:20 p.m. Afternoon Break

Session Block 1.3

Speaker

PW Admin Leadership Millenium II	3:30 p.m. - 4:10 p.m.	Beyond Implementation: Best Practices for Civil 3D with High-Trust Workflows Learn best practices for improving your civil 3D collaboration with ProjectWise by using workflows and the rules engine functions to share data. This session will also cover best practices for leveraging ProjectWise capabilities for overcoming latency.	Vickie Hewitt Senior Technical Support Engineer, Bentley Systems
-------------------------------------	-----------------------	---	---

PW Admin Leadership Millenium II	4:20 p.m. - 5:00 p.m.	Automation and Productivity Gains: A PowerShell Use Case Discover the benefits of PowerShell as Bentley and a ProjectWise user share the stage in this joint session. Bentley will demonstrate how the software saves time on projects, and our user will share their experience of how PowerShell automation increased productivity across their organization.	Marty Nickel Senior Systems Architect Bentley Systems
-------------------------------------	-----------------------	---	--

Networking Reception

All Tracks
Upper London Foyer 5:20 p.m. - 7:00 p.m. Networking Event

DAY 2 | Wednesday, 13 May, 2020

Registration and Breakfast

All Tracks
Upper London Foyer 7:00 a.m. - 4:00 p.m. Registration and Information Desk Open

All Tracks
London Room 7:00 a.m. - 8:00 a.m. Breakfast

Keynote

Speaker

All Tracks London Room	8:00 a.m. - 8:50 a.m.	Keynote: ProjectWise Today and Into the Future ProjectWise provides a powerful project collaboration solution, enabling the connection between design and construction. Please join us as we illustrate new advancements that will drive efficiencies for both your large and small projects. In this session, we will provide useful tips and best practices for administrators and new users in the set up, use, and distribution of information gathered from preliminary design to project delivery.	Nicole Stephano Vice President Product Strategy Bentley Systems
---------------------------	-----------------------	--	---

Session Block 2.1

Speaker

PW Admin Leadership Millenium II	9:00 a.m. - 9:50 a.m.	Uplift Your Project Collaboration with ProjectWise Web and Office 365 Integration Learn how to leverage ProjectWise Web, Microsoft Teams, and ProjectWise Power Automate (Flow) to connect designers, engineers, and project contributors to expedite design delivery.	Audrius Pundzevicius Product Manager Bentley Systems
-------------------------------------	-----------------------	--	---

Morning Break

All Tracks
Upper London Foyer 10:00 a.m. - 10:20 a.m. Morning Break

Session Block 2.2

Speaker

PW Admin Leadership Millenium II	10:30 a.m. - 11:20 a.m.	Digital Automation: Creating PDFs and iModels for your Design Review Learn how ProjectWise iModel Composition Server can help automate the creation of PDF and iModel deliverables from various engineering applications to facilitate the review process for project data, both in the office and in the field.	Colin Parrott Senior Consultant Bentley Systems
-------------------------------------	-------------------------	--	--

ACCELERATE ProjectWise®

12-13 May, 2020 • London, UK

DAY 2 | Wednesday, 13 May, 2020 (continued)

<p>PW Admin Leadership <i>Millenium II</i></p>	<p>11:30 a.m. - 12:20 p.m.</p>	<p>2D/3D Design Review Understand how ProjectWise 365 services and iTwin services together help project teams to improve design collaboration throughout the project. Join this session and learn how you can easily take advantage of improved collaboration capabilities required to streamline design review, manage contractual deliverables and resolve issues.</p>	<p>Rob Riley Technical Manager Bentley Systems</p> <p>Justina Jureviciene Assoc. Product Manager Bentley Systems</p>
--	--------------------------------	---	--

Lunch

<p>All Tracks <i>London Room</i></p>	<p>12:30 p.m. - 1:30 p.m.</p>	<p>Lunch</p>
--	-------------------------------	--------------

Session Block 2.3 Speaker

<p>PW Admin Leadership <i>Millenium II</i></p>	<p>1:30 p.m. - 3:20 p.m.</p>	<p>Transitioning to the New ProjectWise Web Do you have internal or external users who need to access ProjectWise information via the web? Were you a ProjectWise Web Server user? Join this session for an overview and live walkthrough of ProjectWise Web and ProjectWise Web View, including a demo of how to configure these services properly for an organization. Following the walkthrough, we invite users to ask questions, get answers and offer feedback to the product team.</p>	<p>Mary Kay Sheahan Senior Product Strategy Manager Bentley Systems</p>
--	------------------------------	--	--

<p>All Tracks <i>London Room</i></p>	<p>3:30 p.m. - 4:30 p.m.</p>	<p>Keynote: ProjectWise Product Roadmap Bentley continues to advance ProjectWise to address the evolving needs of your project teams and enterprise. To wrap up the conference, the ProjectWise product management team will review recent enhancements and share priorities for the what's to come in ProjectWise.</p>	<p>Nicole Stephano Vice President Product Strategy Bentley Systems</p>
