

# CONNECT Edition Pilot Best Practices MicroStation

## PLAY TYPE

CE Fast Track Services

## OBJECTIVE

A tested MicroStation CONNECT Edition environment that is ready for the next steps that need to be taken.

## DIGITAL WORKFLOW

This is part of the Digital Roadmap to move to the CONNECT Edition software

## DEPENDENCIES

Availability of a representative from the client to coordinate the appropriate people.

MicroStation Pilot Best Practices is part of the CONNECT Edition FastTrack Services and provides confidence in the readiness of the MicroStation CONNECT Edition environment for deployment/Go Live.

## Purpose

A Bentley Consultant will virtually support the upgrade with best practice suggestions during the User Acceptance Testing phase of the MicroStation CONNECT Edition upgrade.

## Scope

This virtual MicroStation Pilot Best Practices FastTrack service includes the following:

- Provide User Acceptance Testing example task list
- Review User Acceptance Test plan
- Review test plan feedback
